

School Response to a Fainting Episode

- Call 911 immediately. It is important to provide emergency medical services (EMS) with information of what led up to the individual fainting.
- Contact parents/guardians as soon as reasonably possible.
- Provide parents/guardians with:
 - Information on Sudden Arrhythmia Death Syndrome (consult the [Sample Sudden Arrhythmia Death Syndrome Parent/Guardian Letter](#)).
 - Documentation of a Fainting Episode Form - to be returned to the school Principal/Designate (consult the [Sample Fainting Episode Form](#)).
