

Quick Memory Function Check

Failure to answer any one of these questions correctly indicates a suspected concussion.

- What room are we in right now?
- What field are we playing on today?
- Is it before or after lunch?
- What is the name of your teacher/coach?
- What school do you go to?

Questions may need to be modified for very young students, the situation/activity/sport, and/or students receiving special education programs and services.
